

Bermuda Depot

This Depot is ideally located to service and supply vessels in mid-Atlantic waters and the Caribbean. A dockside facility, with year round access to the Cable Ship Berth at the Royal Naval Dockyard. The Depot is manned full time by a small but efficient staff and has on call a large team of experienced cable handlers for transfer operations. The Depot is ideally located adjacent to fuel and fresh water supply, and has a large storage facility for jointing kits and repeaters.

Cable Engines: 1 x 2 Pair Linear Cable Engine-Hydraulic Powered (2 Ton pull)
2 x 1 Pair Linear Cable Engine-Hydraulic Powered (1 Ton pull)

Cable Tanks: 5 x 9m diameter x 2.5m high. Storage capacity 725cu/m
1 x 9m diameter x 3m high. Storage capacity 150cu/m
4 x 10m diameter x 2.25m high. Storage capacity 600cu/m
5 x 10m diameter x 2.5m high. Storage capacity 775cu/m
4 x 10m diameter x 3m high. Storage capacity 780cu/m

Total Storage Capacity: 3030cu/m
